PROFILE

I design online stores and websites for small businesses and leave them published on the platform. At NetOne (2024–2026) I took 15+ B2B and B2C projects through client requirements, catalog and page structure, responsive interface, QA, and training so the client could run the store. I implement on TornadoStore, GlobalBluePoint, and TiendaNube, and I adjust HTML and CSS. I do not program custom integrations (ERP, payment gateways) or backend features. Development builds those. I specify them and review the result.

EXPERIENCE

NetOne Soluciones Web — Ecommerce web designer Jun 2024 – Jun 2026

- Designed and published 15+ B2B/B2C stores and sites on TornadoStore and GlobalBluePoint.
 - Defined catalog structure, navigation, pages, and responsive layout, and implemented the interface on the platform.
 - Client contact on my projects: requirements, revisions, visual and functional QA, and launch.
 - Trained clients to operate the store without the team.
 - When a feature needed an integration or backend work, I handed it to development and reviewed the result. I did not program it.
- Shipped work: GamingCity (gamingcity.com.ar), migration before Mercado Shops shut down. Accesorios Jorge (accesoriosjorge-jrd-mayoristas.com.ar), wholesale catalog and ordering. Biotec S.A. (biotecs.com.ar), bilingual industrial site.

sPaternostro — Freelance web designer Sep 2022 – Dec 2023

Websites and small stores for local businesses. Structure, interface, and layout in HTML, CSS, and JavaScript.

RET — Web designer, frontend layout May 2022 – May 2023

Turned existing UI specs into HTML, CSS, and React. I was not building the backend.

JULMAR — Web designer and interface support Dec 2021 – Dec 2022

Maintenance, responsive fixes, and updates on institutional and ecommerce sites.

TRAINING

Courses, no university degree. Front-End with React — Oracle Next Education / Alura (2023). Full-Stack Python and SQL — Codo a Codo (2024). Business Agility and Scrum — Alura (2024).

LANGUAGES

Spanish, native · English, C1 · Japanese, N3
